ANTON ARCADE OPENS WITH HONORS IN SACRAMENTO

ANTON ARCADE

NOVEMBER 28, 2016 – SACRAMENTO, CA – Multifamily developer Anton DevCo and the Sacramento Housing and Redevelopment Agency (SHRA) have been recognized by the National Association of Housing and Redevelopment Officials (NAHRO) for their continued commitment to affordable housing with the opening of Anton’s new residential community located at 2134 Butano Drive in Sacramento. Anton Arcade is an urban infill community, featuring 148 modern residences in the established Arden Arcade neighborhood of Sacramento.

The Sacramento County Board of Supervisors approved Anton Arcade on January 27, 2015. “We are pleased to work with Anton DevCo, Pacific Housing, Inc., and SHRA on this new community that provides a sustainable neighborhood that is indistinguishable from market-rate housing for dozens of families,” says Corey DeManty, principal with Orange County-based Architecture Design Collaborative. The community features one, two, and three bedroom residences and offers an urban lifestyle in a revitalizing area. Residents will enjoy walkable access from their Green Point Rated community to Country Club Mall, public transportation, and a wide array of retailers. The residents’ clubhouse includes a complete kitchen, media lounge, computer center, fitness room and play area. Other amenities include a pool, barbecue area and picnic pavilion. On-site supportive services will include after school programs and educational classes provided by Pacific Housing, Inc.

“The community received almost 700 applications for 148 apartment homes, demonstrating dire need for Workforce Housing throughout Sacramento,” says Anton DevCo Sr. Vice President Andrew Baker.
