## STATUS:

Construction Expected

Q1 2021

Anton Santa Cruz is a mixed-use community in the heart of Downtown Santa Cruz featuring 205 residential apartments bringing much needed studios, one-, and two-bedroom apartment homes to this vibrant city. With 17,650 square feet of courtyard space, Anton Santa Cruz includes an extensive third floor courtyard, spa, outdoor dining and games, and a rooftop terrace with views of the Santa Cruz Beach Boardwalk attractions. The ground floor of the apartment building features 11,000 square feet of retail space for residents of the community and neighboring areas to enjoy. Anton Santa Cruz is walking distance to the growing tech offices expanding in Downtown Santa Cruz, and a short bus ride for students and teachers at the nearby University of California at Santa Cruz. It is an attractive alternative for Silicon Valley workers desiring the beach lifestyle. With a Walk Score of 96 and a Bike Score of 90, the community is surrounded by endless options to eat and play including beaches, year-round farmers markets, theaters, and music venues. Anton Santa Cruz is anticipated to break ground first quarter 2021.

Q1 2022

Anton NoMa is a new mixed-use development in the desirable neighborhood of Walnut Creek, a short commute east of San Francisco. Less than a mile from the heart of the city's downtown and two blocks from the BART Station that is being transformed into the new BART Transit Village featuring 27,000 square feet of retail space, Anton NoMa residents will have unprecedented access to dining, entertainment, and employment opportunities. Anton NoMa will consist of two levels of subterranean parking with ground floor of retail with a mix of studio, one-bedroom, and two-bedroom units above. The contemporary architecture will incorporate an organic material palette that captures the elegance of Walnut Creek, and there will be common area spaces featuring a community room with kitchen, fitness center, courtyard with pool, spa, BBQ and firepit. Residents will be able to relax and enjoy the coveted East Bay climate at the outdoor rooftop lounge that overlooks Diablo Hills. With Anton's strong commitment to sustainable building, the project will be pursuing LEED or Green Point certification.

Fall 2020 & Fall 2021

Anton Aspire and Anton Ascend are transit oriented, mixed-use communities including 583 residences with unparalleled access to anywhere in Silicon Valley. The luxury communities which sit next door to each other are adjacent to the new Milpitas BART/VTA Transit Center, within walking/biking distance to major employers, and just minutes from state Route 273, Interstates 680 and 880, and U.S. Highway 101. The unique location provides commuters access to key employment and entertainment centers located in downtown San Jose and the greater San Francisco Peninsula. The LEED communities offer studio, one-, and two-bedroom residences as well as 5,000 square feet of retail designed to be LEED Silver. In addition to the proximity to transit, the meticulously designed communities feature contemporary architecture, open floor plans, designer finishes, gas cooking, and in-unit laundry. Anton Aspire and Anton Ascend further included manicured courtyards with outdoor grills, 2 acres of open park land, a dog park, fitness center with outdoor yoga lounge, and rooftop terraces with indoor-outdoor lounges.

Anton Arcade is an urban infill community, featuring 148 modern residences in the established Arden Arcade neighborhood of Sacramento. Residents enjoy walkable access to Country Club Mall, public transportation, and a wide array of restaurants and entertainment. The clubhouse features a welcoming lounge where residents can relax and socialize, a state of the art fitness center for staying healthy and strong, and a resort-style outdoor recreation area in which to have fun and play. The community is Green Point rated and features one-, two-, and three-bedroom residences defined by their spacious floor plans and well-appointed amenities.

# Our Approach

No matter what the design, scale or intention of our multifamily communities, each incorporates the same principle: it must be livable and green. We believe that sustainability is not just a buzzword or fad, but integral to our planet's health and our company's growth. It's just good business—from the global impact that green building practices manifest and the long term energy efficiency advantages, to the financial benefits that building green brings.

## Urban Infill

Anton DevCo maximizes the energy of urban properties. We renew blighted properties and transform the landscape with our distinct multifamily communities with an emphasis on affordable housing opportunities. We harness the untapped potential of infill parcels to upgrade districts with boutique, upscale apartment buildings. We use undeveloped vacant lots to provide premium housing where there once was abandoned or underutilized space.

## New Growth & Suburban

When we seize new growth land opportunities, we dream big. As California grows, new employment hubs begin to thrive where there once were vacant lands. Anton DevCo envisions compact, transit-oriented, pedestrian-friendly communities to best serve the needs of future residents in these evolving locations. We collaborate with community stakeholders, public entities and capital partners to make this happen.

# Our Approach

We methodically select key locations and employ contemporary, environmentally friendly design in each and every Anton DevCo community.

Anton DevCo not only believes in the importance of access to fair and equal housing opportunities for all tenants—we know how to make it happen.

We oversee our communities for the long haul with in-house property management services that ensure the preservation of all our hard work.

The same thoughtful, contemporary design and commitment to sustainable construction plays a key role in our affordable housing communities, making them indistinguishable from non-restricted housing.

We curate aesthetically pleasing and sustainable materials for the construction of our housing developments.

Deep expertise and keen attention to detail support and drive these nuanced transactions. Anton DevCo applies our background in devising creative solutions that satisfy inclusionary housing obligations.

**Steve Eggert**

Founder

650-549-1601

[SEggert@AntonDev.com](mailto:SEggert@AntonDev.com)

Steve Eggert leads Anton DevCo. After practicing real estate law for five years, Steve became a successful multifamily community real estate developer, with particular focus on entitlements and financing. He has been a leader in the industry for the past 20 years. He previously served as a U.S. Army officer and Airborne Ranger, stationed in Germany patrolling the Iron Curtain. Steve and his wife have three grown daughters.

**EDUCATION:**

B.A. from Claremont McKenna College

Law degree from UC Berkeley Boalt Hall School of Law

**Trisha Malone**

Managing Partner and  
Chief Investment Officer

650-549-1603

[TMalone@AntonDev.com](mailto:TMalone@AntonDev.com)

Trisha Malone leads the company's investments in new and existing projects, manages the financial operations of Anton DevCo and is chair of the Executive Committee. She is responsible for investment and financial strategies including property acquisitions, dispositions and capital raises and has executed the repositioning of 5,500 units in Anton's portfolio. Since joining the Anton team in 2000 she has structured over \$3.0B of debt and equity for new development projects and the repositioning of existing assets through GSEs, banks, cities, local agencies, individuals and institutions. Malone also has a long history working with the intricacies of affordable housing bond financing for mixed-income (80/20) and fully affordable apartment housing.

Malone began her career in public accounting where she gained experience in both tax and audit with a focus on real estate and non-profit clients.

**EDUCATION:**

Bachelor of Accountancy from California State University, Sacramento

California Certified Public Accountant license

**Andy Davidson**

Managing Partner, Development  
and Construction

650-549-1604

[ADavidson@AntonDev.com](mailto:ADavidson@AntonDev.com)

Andy Davidson oversees the company development process including initial design and feasibility studies, design consultant coordination, and project approval at all required state and local levels. Upon project approval, Davidson oversees the development of construction documents, and the coordination of the plan check and permitting process.

Davidson also serves as the President of Anton Building Company, Inc, the general contracting division of Anton DevCo. Anton Building Company performs all construction services for Anton DevCo and serves as a General Contractor for multifamily developers throughout the state. Since joining the team in 2005, Davidson has been responsible for nearly \$1B of construction throughout the state.

Davidson sits on the Anton DevCo Board of Directors and the Executive Committee. Davidson served on the North State Building Industry Association Board of Directors from 2009 to 2019, and was Chairman of the Board in 2017.

**EDUCATION:**

B.S. in Business/Real Estate and Land Use Affairs from CSU Sacramento

California Licensed General Contractor

# Our Team

**Luke Daniels**

Region President  
Southern California

619-322-6516

[LDaniels@AntonDev.com](mailto:LDaniels@AntonDev.com)

Luke Daniels is President of Anton's Southern California regional office. Luke is responsible for managing all aspects of the business including site selection and acquisition, team building, securing project entitlements, project design, management of development related activities and project capitalization. He brings over 20 years of experience and leadership in the multifamily and residential real estate sectors with him to Anton.

Prior to joining Anton, Daniels was President of The Richman Group of California. Before Richman, he served as the Managing Director for Trammell Crow Residential in Southern California. Over his career, Daniels has capitalized and developed over 4,000 multifamily units, over 150,000 square feet of ground floor commercial worth well over \$1.5 billion. He lives in San Diego with his wife and three children.

**EDUCATION:**

BS, Urban Planning and Real Estate Development, University of Southern California

**Marco Scola**

Director of Investments

650-924-0123

[MScola@AntonDev.com](mailto:MScola@AntonDev.com)

Marco focuses primarily on sourcing and evaluating investment opportunities as well as executing both debt and equity financing. In conjunction with the CFO, he is responsible for managing Anton DevCo's \$1bn+ portfolio of more than 5,000 apartment units. Prior to joining Anton DevCo, Marco worked for Barclays' investment banking division in New York. Highlights of his \$100bn of transaction experience include the 3rd and 4th largest ever debt raises by technology companies as well as the largest investment grade exchange transaction. He was a Robert Day Scholar at Claremont McKenna College where he also served on the Board of Trustees.

**EDUCATION:**

B.A. in Economics from Claremont McKenna College

M.A. in Finance from Claremont McKenna College

**Wes Carter**

President, Anton Residential

650-541-1847

[WCarter@AntonDev.com](mailto:WCarter@AntonDev.com)

Wes Carter serves as Anton Residential's President of Property Management. He joined the organization in 2018 and brings to his role more than 15 years' experience in the field of Property Management. In his current position, Wes oversees all property operations of Anton Residential's multi-family and commercial portfolio. He also plays a vital role in the community development of all future assets in the pipeline.

Prior to joining Anton Residential, Wes served as the Regional Vice President of Mercy Housing in Sacramento where he provided oversight and leadership for a 3,500-unit residential portfolio in the greater Sacramento and Bay Area markets. He developed and implemented strategic plans which included setting operational and management accountability standards.

Wes holds his California Real Estate Salesperson license as well as various accreditations in Affordable Housing through the National Affordable Housing Management Association.
